A MESSAGE FROM WSWA-PAC CHAIRMAN

CARMINE MARTIGNETTI

Dear Fellow WSWA-PAC Supporter:

WSWA-PAC is respected, influential and effective.

We are ranked in the top 15 Trade Association political action committees in the nation's capital, an impressive achievement especially when you gauge our organization and membership size against others on that list. WSWA-PAC helps your association punch well above its weight class and your support makes this possible.

I would like to personally thank each and every contributor, and provide you with an update on our 2015 activity.

WSWA-PAC ended last year with 2,320 contributors. Over 1,950 of these individuals from 20 companies contribute using our simple and effective payroll deduction program. WSWA's Board of Directors continues to lead by example and increased their giving for the year.

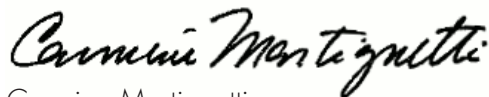

Working with the WSWA staff and member companies, WSWA-PAC increased the number of individual \$5,000 contributors to more than 100 and the number of couples giving at the sapphire level to 20. All of this helped the PAC reach our \$1 million per year-\$2 million per election cycle-goal.

The resources made available by our contributors support a diverse and effective program. WSWA-PAC staff hosts dozens of customized tasting and educational events for Members of Congress where they showcase wholesaler specialists, products and expertise—the real value—of wholesalers. The PAC also hosted dozens of high profile leadership and campaign committee-oriented events, the combined result of which is deep relationships with influential elected officials who know wholesalers and why we are important.

WSWA-PAC supported over 200 individual candidates and campaign committees in 2015.

None of this would be possible without your ongoing support. On behalf of the WSWA-PAC team, thank you—your support helps make us a truly effective voice for America's wine and spirits wholesalers.

Sincerely,

Carmine Martignetti
President, Martignetti Companies

2015 ACCOMPLISHMENTS

1. Successfully included language in the Fixing America's Surface Transportation (FAST) Act requiring the Administration to conduct a comprehensive study on marijuana-impaired driving, including an assessment of methods and devices to measure marijuana impairment in motor vehicle operators.

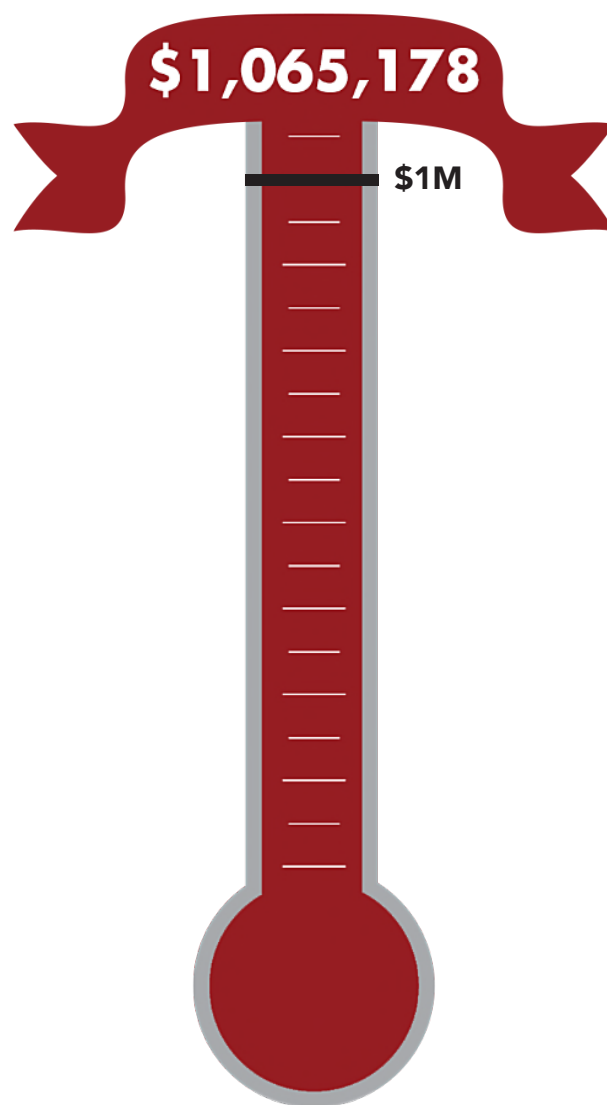

2. Prevented the inclusion of a mandatory first time offender ignition interlock provision in the FAST Act.

3. Prevented USPS from being given authority to deliver alcohol directly to consumers.

4. Ensured Section 5011 tax credit was not negatively impacted by any of multiple alcohol excise tax bills that were introduced.

5. Preserved the "buy local" program established in 1986 requiring military bases in Alaska and Hawaii to purchase spirits from in-state sources.

2015 TOTAL FUNDS RAISED
